Old Rooster Problem Is Up Again

Growing Complaints Cause Council To Consider Amendment To Law

Back comes the troublesome rooster nuisance. Growing complaints that the townfolk are unable to sleep at night because of crowing birds, caused the city council Tuesday evening to agree to consider an amendment to the nuisance ordinance adopted in 1931 calculated to remedy a situation that many persons assert is intolerable.

Following many complaints received by the council and the police department, A. Munzinger of 213 North Hermosa avenue appeared before the council and protested bitterly that it was impossible for him and other members of his family to sleep at night because a neighbor has between 40 and 60 roosters, in addition to a greater number of hens. The roosters, he said, begin crowing in the middle of the night and before daylight are going full blast, particularly on moonlight nights. They are big, full-throated game roosters, he asserted, with a sprinkling of bantys, whose shrill call is very penetrating and annoying to one in need of rest.

For many months, he asserted, it has been necessary to keep the windows of his home closed at night but even this did not abate the nuisance and now that summer weather has arrived it is not possible to exist behind closed windows. Unless the council relieves the situation he will be obliged to move away, he said.

"Sierra Madre is no longer a farming community," Munzinger told the council while claiming that ordinary neighborliness would suggest to a householder not to cause annoyance to a whole neighborhood. In answer to the question as to whether or not the city had attempted to abate the nuisance in response to previous complaints filed by Munzinger and other residents of the area in which he lives, Munzinger said the police had shot 20 roosters leaving 60 or more in one chicken yard and that the shooting had evidently made the survivors nervous with the result that they made more noise than before.

The ordinance of 1931, he said, made it difficult to secure relief from the local police court since it required that practically all complaints in order to secure relief, "And in a town like Sierra Madre, neighbors don't stir up enemies by filing complaints," said Munzinger.

His protest was supported in a letter from Mrs. E. R. Ferguson, owner of the property he occupies, who wrote the council as follows: "The house at the corner of North Hermosa and West Alegria avenue is my property and I am surprised to learn that in this progressive city any tenants should need to complain of the annoyance of crowing roosters. Trusting you are able to eliminate this intolerable public nuisance," etc.

Munzinger suggested an amendment to Section 21 of the nuisance ordinance, reading as follows: "It is hereby declared to be a nuisance and to be unlawful for any person, firm or corporation to keep, maintain or permit on any premises more than two roosters exceeding the age of four months within the city of Sierra Madre."

The council promised to consider the amendment sitting as a committee of the whole. The original nuisance ordinance contained a very similar provision but was amended to be very much less drastic when scores of chicken owners vigorously protested.

RECOVERING FROM EFFECTS OF A FALL

Miss Elizabeth Collins, 639 Woodland drive, is recuperating at an Altadena sanitarium from a concussion suffered two months ago in a fall down stairs at the home of her parents, Mr. and Mrs. A. N. Collins, in Riverside.

PASADENA IGNORES WATER NECESSITIES OF THIS AND OTHER CITIES

Official notice from the city of Pasadena that it proposes to pump all the water it can use from the underground Raymond Basin, regardless of the rights of Sierra Madre or any other community in the San Gabriel Valley area, was read at Tuesday's council meeting. The council pondered for some time what if any action it might take to strengthen the city's legal position in the pending suit of Pasadena in which it seeks to restrict the use of all underground water in this and other communities.

Councilman Carter thought the council should adopt a resolution protesting against Pasadena's announced intention, but City Attorney Dunn thought that in filing their answer to Pasadena's suit this and other communities named as defendants in the litigation had registered their protest and that any further action at this time would be unavailing. "I thought we shouldn't overlook any bets in

\$5,000 Organ Is Selected By Church

Will Be Installed As Memorial To Late Fred Hooker Jones

\$5,000 ORGAN P ONE... An Austin pipe organ to cost not more than \$5,000 will be installed at the Congregational Church. This amount was requested by the late Mrs. Alice Spencer Pritchard for an organ to be known as "The Fred Hooker Jones Memorial Organ." At a well attended business meeting of the church congregation Sunday the instrument was selected. This choice was the recommendation of a committee appointed last winter. The group was composed of C. W. Jones, chairman; Mrs. Anna Bacon, Mrs. George B. Worridge, Miss Muriel Tarr and F. W. Miles, with the pastor as ex-officio member.

After much investigation, taking the committee as far as Berkeley, it unanimously recommended a two manual organ of 13 stops with chimes. The instrument will be built at the factory in Hartford, Conn., and is slated to be ready for use in the fall.

Select Patsy Allen For Role In "Great American Family"

Out of 150 children Patsy Allen of San Francisco was chosen for a part in Lee Shippey's play, "The Great American Family," which Homer Curran and Luther Green are casting for tryout at the Lobero theatre in Santa Barbara. Patsy, 9 year old daughter of A. H. Allen, head of the western branch of Houghton, Mifflin Co., publishers, is an expert dancer.

The play will go to the Curran theatre in San Francisco, and to the Biltmore in Los Angeles, before crossing country to New York for fall opening on Broadway.

Bethany School Ends Today With New Attendance Record

Closing programs for the Bethany Summer Bible school are scheduled for today, with exercises for the pre-school, kindergarten and first grades at 10 o'clock this morning. At 7:30 o'clock the other grades will present a program, following which the pupils' work will be on exhibit in the basement of the new Sunday school building. A Palestine village, pictorial maps of Palestine and a tabernacle of the wilderness are special features of this exhibit. The public is cordially invited to attend the programs and inspect the work.

Up to Tuesday of this week the average attendance for the term has been approximately 185 pupils. This number exceeds slightly the attendance for last year, and during the month of Bible school an all-time record attendance of 211 was made for one day.

Temperatures Soar As Fogs Depart

Real summer weather moved into Sierra Madre this week and from all indications will remain for a while. Cooling fogs which prevailed last month and the first week in July have lifted, giving the old haymaker full sway from early morning on. Though the sun's rays are tempered by gentle ocean breezes, most citizens were satisfied to remain in their cool homes. Ideal evenings compensated for the day temperatures, highest for the week being 102 on Wednesday. The high readings were a little above normal:

	High	Low
July 7	90	60
July 8	88	58
July 9	88	58
July 10	90	62
July 11	101	67
July 12	102	69
July 13 (9 a.m.)	75	62

Postoffice Being Enlarged Because Of City's Growth

First step toward construction of an additional room for the post office was taken Wednesday morning when grading was started at the rear of the present building. The back wall of the post office will be removed and another room added to increase floor space required by the post office staff which has grown steadily to take care of the rapidly increasing population. The property on South Baldwin avenue where the building stands is owned by Mrs. Henrietta Isaacs Krebs.

Manzanita Paving Job Will Be Done By City Crew

At the time designated Tuesday evening for the opening of bids for the improvement of Manzanita avenue between Sunnyside and Michillinda blvd., no contractor had indicated a desire to do the job, so on motion of Councilman Schwartz, the street department was ordered to proceed at once with the work, employing city crews. The city will follow the paving plans and specifications furnished contractors and it was expected work would be underway before the weekend.

Women Will Conduct A Campaign For Conservation

A conservation committee now being organized by the Sierra Madre Woman's Club will meet Thursday morning, July 20, at 9:30 o'clock in the Osgood room of the clubhouse to discuss civilian responsibility toward mountain fire prevention. District Ranger Harlan will speak and plans for a conservation campaign in the foothill area will be made. All men and women who are interested are invited to attend.

New Building For Sierra Madre Blvd.

Work Starts Next Week On Office Structure At Auburn Avenue Corner

Construction of a modern, one-story office building for Dr. M. H. A. Peterson will begin next week on the lot at the northeast corner of Auburn avenue and West Sierra Madre blvd. The building will cover 1700 square feet with rooms for consultation, examination, minor surgery, x-ray and laboratory work, besides various treatment rooms and a baby room.

The building will be of conservative modern design, stucco exterior, with paved parking lot in the rear. Landscaping will add to the attractiveness of the lot.

Practically all materials will be purchased from local merchants and local workmen will be hired. Dr. Peterson stated the building will be ready for occupancy some time in October. His office is now located at 65 East Sierra Madre blvd., and he purchased the lot on which the new office will be built last March. Robert Finlayson, Monrovia, a former Sierra Madrean, is the architect.

In a communication sent to the city council Tuesday evening Dr. Peterson gave notice that he wants a sidewalk laid on the Auburn avenue frontage. If he will also agree to a sidewalk on the Sierra Madre blvd. frontage the city will lay a walk in front of its property adjoining the city hall and now used as a parking lot.

A request by Dr. Peterson for removal of two pepper trees fringing his lot brought a proposal from the council that the city will haul away the trees if they are cut into suitable lengths. If Dr. Peterson will have them taken out of the ground, estimated cost to the city is between \$45 and \$50.

Candidates For Job Of Postmaster Soon To Get Grades

Fourteen Sierra Madreans who took the civil service examination for postmaster recently are expected to receive notice next week of the grades they received. When a postmaster will be appointed is problematical. The term of Postmaster R. O. Calkin expires July 27 but he would continue to serve until a successor is appointed and qualified, even though an appointment shall not be made for months.

There is much speculation about who the postmaster will be. Some Republicans are optimistic enough to believe that one of their number, possibly Councilman Tom Schwartz, has an even chance of appointment, though Councilman Tom Miller, a Democrat, also was among those to take the examination and as politics go, would seem to have the edge over Schwartz. Many believe the appointment lies between Postmaster Calkin, Russell Tyree and Leland Fogg.

Complaints About Rubbish Removal To Be Aired Tuesday

A representative of the Whittier Disposal Company which has the contract for removal of garbage and trash in Sierra Madre, has been summoned to appear before the city council next Tuesday evening to answer complaints that the company's drivers refuse to pick up many pieces of non-combustible rubbish. Employees of the company when taken to task on this account at various times have asserted that citizens take advantage of the trash removal service and expect the removal of large heavy pieces of iron and junk that two-man crews are unable to handle. It is probable that at the conference with the company's representative regulations will be agreed upon which residents will be expected to adhere to.

ILLINOIS PICNIC

The Illinois summer picnic reunion will be held all day Saturday, July 22nd, at Bixby Park, Long Beach, with 50,000 people expected.

PROMISE CONSIDERATION OF CITY'S REQUEST FOR LOWER RATES FOR ELECTRICITY

In a letter read at Tuesday evening's council meeting the California Railroad Commission gave assurance that it will consider the council's request that it order a reduction in the rate charged for electricity by the Southern California Edison Company, the rate to be brought to the same level as now enjoyed by the neighboring cities of Arcadia and Monrovia. The matter will be considered at the Commission's next meeting the letter stated, and at the suggestion of Councilman Paul Carter the council will be represented at the hearing. City Clerk Pratt was directed to ascertain the time and place of the commission's meeting.

Launch Move For New City Library

Directors Adopt Resolution Inviting Citizens To Join Association

Definitely this week the long discussed campaign for a new library building for Sierra Madre got under way. Definite action was brought to a head when it was revealed that the old building, put up through the generosity of citizens when Sierra Madre itself was in its infancy, is now in a condition that will make it unsafe both for the immensely valuable collection of books it contains and for the steadily increasing number of library patrons.

The action referred to was in the nature of a resolution passed at the regular July meeting of the library board of trustees inviting all friends of the library to join with the trustees in the formation of a Library Association to be known—provisionally and perhaps indefinitely—as "Friends of the Library." In this association there will be a variety of memberships—sustaining, active, associate, and so on—according to the amounts given or pledged to the building fund. It is also hoped that there will be several, or even many, "donors," as was the case when the present building was made possible.

But the whole idea is to make this movement a community affair, with no distinction whatsoever of a formal nature as between those who give much and those who give little. All, whatever their contribution, will have equal esteem as "Friends of the Library," in honor of which adequate and appropriate cards will be issued.

With this nucleus of a building plan and pledged support in hand the Friends of the Library will at last be in a position to seek cooperation from the Federal Government in giving Sierra Madre the sort of library building it has so long needed and so richly deserves. As already stated in THE NEWS, Sierra Madre has long stood at the head of cities of its class, not only in California but throughout the nation, for the number of readers in ratio to its population. This standing is even now by way of being enhanced by the increased number of borrowers now using local library facilities although residing "technically" outside the Sierra Madre city limits. Such borrowers incidentally, will be equally welcome to membership in the new association.

It is desired that as rapidly as possible an original or charter list of membership may be formed, such members pledging at once the sum of \$5 or more.

Such potential members are requested to leave their names at the library or with the SIERRA MADRE NEWS at their earliest convenience.

It is then planned to call a meeting of these and all other "friends" where definite plans for organization and future action may be discussed and got under way.

Promptness is desired in order that all preliminaries may be settled before seeking Federal cooperation in the early Autumn.

Dean Bode Family Returns To Occupy New Home Here

The Bodes are back...and glad to be here.

Their cosy new home on West Montecito avenue was completed and all cleaned up last week and the venerable dean and his family promptly moved in and are getting settled in their new surroundings as Dean Bode has resumed his duties at the Church of the Ascension. He will be in charge of the parish for a month, during the annual vacation of Dr. W. B. Heagerty.

"We felt right along that we were Sierra Madreans—that we had never separated ourselves from the community," said Dean Bode at his new home, "and we are not only all of us, very glad to be back, but know that we shall be very happy here, always."

POSTPONE GOLDEN WEDDING CELEBRATION

Mr. and Mrs. Thomas Miller, Sr., century later.

Wedded Fifty Years on July 3 as they appeared on their wedding day and as they are half a

Although a golden wedding anniversary celebration planned by Mr. and Mrs. Thomas Miller, Jr., for Mr. Miller's parents, Mr. and Mrs. Thomas Miller, Sr., who were married 50 years ago July 3, was postponed because of Mrs. Miller, Sr., was taken ill, there will be a celebration later on in the summer when Mrs. Miller regains her health. Mr. and Mrs. Miller now live in

Corona Del Mar, but made their home in Sierra Madre for many years and have hosts of friends in the city. Following their marriage in Brooklyn, N.Y., in 1889, the couple made their home in Pelham, N.Y., living there until 1920, when they came to Sierra Madre. Mr. Miller, who is 72 years of age and his wife 70, were both born in England. There are nine children—two

girls and seven boys. Mrs. Elsie Beebe, Mrs. Edith Mosher, Val Miller and Thomas Miller, Jr., all reside in Sierra Madre; Leslie Miller in Bakersfield; Howard Miller in Los Angeles; Arthur Miller in Hollywood; Walter Miller in Manhattan Beach and Fred Miller in Pelham, New York. There are also 11 grandchildren, four in California and seven living in New York.

Newcomers Guide To Be Part Of Year Book Coming Soon

Sierra Madre's Chamber of Commerce is compiling a handbook for the year, according to William L. Burr, president, who believes the book will fill a distinct need in the community, both for newcomers at a loss where to seek information about the city's businesses and old timers who wish to keep up with Sierra Madre's growth.

"All members will be listed in the book, with business houses, stores and shops," said Mr. Burr. "It will give a complete, concise picture of the city, with all general information useful to new people arriving in town. A page will be devoted to organization meeting dates. It will tell where to pay bills, such as water, light, gas, and give such other general information. In fact, everything possible will be included to assist newcomers in getting acquainted with their new home."

Citizens who have not yet joined the Chamber of Commerce are urged to do so immediately so that their names may be added to the roster of members.

The Chamber has taken the responsibility of disposing of the radio awarded to the city for its entry in the 1939 Tournament of Roses parade January 1. Funds derived from ticket sales will be turned over to the float committee to aid in financing the city's representation in the 1940 parade.

Sierra Madre Will Order Examination Of Food Handlers

Sierra Madre is about to adopt an ordinance requiring medical examination of all commercial food handlers. Thirty other Los Angeles county communities have acted on a suggestion by the county health department that they pass ordinances similar to the county's regulation in the unincorporated areas. This regulation calls for examination of restaurant, market and grocery employees every six months. City Attorney Walter A. Dunn was instructed by the city council Tuesday to prepare an ordinance along the lines suggested by the health authorities, which will be presented at a meeting of the council on July 25.

Cost of the county health service in Sierra Madre during the present fiscal year will be increased about 10 per cent according to a letter received by the council from the county department requesting the signing of a new contract and a list of the ordinances relating to public health that the county is expected to enforce.

Police Hunting Burglar Find A Wee Mouse

A very peculiar noise in the house at 475 West Highland avenue sent a police officer scurrying into the night Wednesday to battle with something Mrs. Dennison, caretaker of the house during the owner's absence, thought might be a burglar, although no signs of entrance had been made. The officer searched the house carefully and returned downstairs. They then heard the noise again coming from the direction of the radio. Peering into the cabinet the officer discovered a mouse trying to get through a small hole. He didn't make it, and jumped past the officer into safer territory.

"It is now a question as to whether the lady would rather have a burglar or the mouse," said the officer's report.

City Gets By Under Its Budget Set Up For Fiscal Year

Sierra Madre's city affairs were administered at a cost somewhat under the amount set up in the budget during the fiscal year which closed June 30, City Clerk Waverly Pratt advised the council Tuesday evening. The exact amount had not been determined but Pratt estimated that it was in the neighborhood of \$2000.

The council authorized a permanent transfer of \$9,000 from proceeds of the water department to the general fund to be used for current expense, leaving a balance of \$17,614 in the water revenue fund for emergency. Also the council arranged for the annual audit of the city's books by Harry Booth at a cost of \$225 and his employment as a city auditor for the fiscal year at a like amount.

Making Bandages Here For Victims Of War In China

Women's organizations in the city are working on bandages to be sent to China for Red Cross hospital work. The local Red Cross chapter had four bolts of dressing to be made up into bandages, and the following groups are preparing them: home hygiene class, American Red Cross, and Mrs. Frances Brain, both groups working at the Woman's Club; Mrs. H. B. Hersey, whose group is working at the Congregational church, and Miss Marion Vannier, who is meeting with her group at the Church of the Ascension.

Drinking Fountain Is Installed In Kersting Court

A new drinking fountain under the little pepper tree in front of THE NEWS office in Kersting Court was in constant use this week when hot humid weather caused citizenry to pause and quench its thirst while passing. The cement stand was completed Monday afternoon, and the "Danger" sign placed over the wet concrete removed early Tuesday morning.

This is not the first time Sierra Madre has had a public drinking fountain. About ten years ago, at the southeast corner of the Pacific Electric station, the city put in a drinking fountain that lasted only seven or eight months. During that time children tore it to pieces every few months and at last it was removed. George Mesecar was agent at the Pacific Electric station at that time and can remember when people coming into Sierra Madre, hearing about the excellent quality of drinking water, were astonished to learn that the fountain had been removed because of children's destructiveness.

Formans Will Be Honored On Sunday

White Crepe Myrtle Tree To Be Planted With Ceremony At Wistaria Garden

Memorializing the lives of the late Esther Forman, and her son Judge Charles Forman, the Esther Forman Garden Club of Sierra Madre will gather at Wistaria Vine Gardens at 5 o'clock Sunday evening, July 16, to plant and dedicate a white crepe myrtle tree in the memory garden honoring them. Mrs. Forman, founder of the club, was a long time resident of Sierra Madre, prior to her death a year ago. She was responsible for the starting of many beautiful gardens for which Sierra Madre is famous.

Immediately following the dedication, a supper and program will take place, and colored motion pictures of the famous Vine in bloom and the gardens will be shown for the first time. These pictures will later be shown at the San Francisco Exposition, and at the New York World's Fair. In addition, the cash awards for the recent amateur photographic contest will be made. Judges for the contest are Rudolph Hartman Sr., Richard McGraw, and Louis Ziegler.

JASPER-RANAHAN WEDDING AN EVENT OF TOMORROW

At a ceremony to be performed tomorrow morning at 8 o'clock at St. Rita's Shrine by Rev. Father Alan Prendergast, Miss Christine J. Jasper of Omaha, Neb., will be married to John Patrick Ranahan of this city. Miss Jasper will be gowned in a blue ensemble and will wear a corsage of gardenias. She will be attended by Miss Rosemary Ranahan, wearing a dusty rose street costume and a gardenia corsage. Both will wear navy blue accessories. Mr. Ranahan will be attended by his brother Edmund.

After the ceremony a wedding breakfast will be served for the immediate family at the Twizzle Twig in Pasadena. Miss Jasper is the daughter of Mr. and Mrs. John Jasper of Elgin, Ill., and received her education in that city. Mr. Ranahan is the son of Mr. and Mrs. Peter Ranahan of 119 Auburn avenue. He was educated at St. Dunstan's University at Prince Edward Island, Canada,

and Pasadena Junior College. He is employed by the Lockheed Company in Burbank. Mr. and Mrs. Ranahan will make their home in Glendale.

MRS. BRAUMAN'S BIRTHDAY IS CELEBRATED

Mr. and Mrs. W. H. Brauman were hosts at a dinner party in their garden at 323 Sycamore place Tuesday evening, celebrating the birthday anniversary of the hostess. Following dinner the party enjoyed an informal program of classics by Miss Marjorie Bradley, pianist; Jack Shearer, flute and harmonica, and Henry Brauman, violinist, and closed the evening with dancing. Those present were Mrs. W. J. Lawless, Mr. and Mrs. Ray C. Caukin, Mrs. M. Hohn, Mr. and Mrs. S. J. Morten, Miss Wanda Jones of Pasadena who will be married to Donald Blanke July 22. Members of the Mapha Club attended and presented Miss Jones with many charming gifts.

SCHOOL TEACHERS JOIN IN BIRTHDAY CELEBRATION

Fifteen young friends and classmates gathered at the city park yesterday afternoon at a party given by Mrs. Rose Rogat, 445 W. Highland avenue, in honor of the 11th birthday anniversary of her son Yosal. Many jolly games were played by the group which later enjoyed traditional birthday refreshments. Special invited guests besides the youngsters were Miss Elizabeth Steinberger, Miss Florence Lusted, Miss Florence Hazel Everts and Mr. and Mrs. Samuel E. McElfresh.

Special Election In Arcadia Now Held Unnecessary

Recent appointment of new members of the Arcadia City Council to fill vacancies created by a recall election was held valid by Atty. Gen. Earl Warren who had been asked for a ruling by Gov. Culbert L. Olson. The governor had received a petition from Arcadia residents asking him to appoint an election commission with power to call a special election to choose three councilmen. This the governor did, but the Arcadia city clerk in the meantime had obtained a writ of mandate from the Supreme Court directing the two remaining members of the council to fill the vacancies. The councilmen filled two vacancies by appointment and Governor Olson asked Warren if this was legal and whether the appointment of the election commission was valid. Olson was told action of the city councilmen was legal because they were complying with a mandate of the Supreme Court, but that appointment of the election commission was ineffective. The commission had called a city election for August 11, which will now be unnecessary.

SCOUTS RETURNING FROM CHERRY VALLEY

Tomorrow evening a group of Boy Scouts from Troop 1 will return from a 10-day outing at the Boy Scout camp at Camp Cherry Valley, on the isthmus at Catalina. Scouts included Clarence Noshier, Bob McCullagh, Robert Osti, Russell Jensen, Ross Capalunga, Arthur Capalunga, George Shipway, Frank Brett, John Lawson, Louis Wax and John Tarr. Each year approximately six camps are held at Cherry Valley, each lasting 10 days. This was the second camp of the season with 190 boys from San Gabriel valley troops making the trip. More Sierra Madre boys attended camp this year than ever before. They left Thursday, July 6.

BENEFIT BRIDGE FOR THE WOMAN'S CLUB

Mrs. Al Miller and Miss Hazel James Ferguson will be co-hostesses at a dessert bridge which they are giving as a benefit for the Woman's Club at the home of Mrs. Miller, 119 West Grand view avenue, July 21. The party will be limited to 12 tables and reservations should be made as soon as possible with Mrs. Miller at 337-3.

DATE SET FOR NEXT ALTAR SOCIETY PARTY

Second in a series of summer garden parties planned by St. Rita's Altar Society will be held under the huge oak on the lawn of Mrs. A. C. Scanlan's home at 181 East Grand view avenue, Wednesday, July 26. It will be a dessert bridge to which the public is invited. One party a month has been planned by the society.

Modernization Of Homes Planned By Gas Company

An opportunity to modernize with up-to-date gas heating equipment in preparation for the coming winter months is afforded Sierra Madre householders under terms of a special "summer discount" plan worked out by local gas appliances dealers acting in cooperation with Southern Counties Gas company.

Details of the plan, which went into effect July 1, include a discount up to 10 per cent on central heating units, floor furnaces, and similar permanently installed gas equipment, according to Justin M. Kennedy, local gas company manager.

"Installations may be financed through any qualified bank or lending agency under provisions of Title 1 of the National Housing Act," Mr. Kennedy states. "This act, of course, covers existing houses only, and therefore installations in homes under construction will not qualify."

Among this week's newcomers to Sierra Madre are E. E. McNutley, 634 West Highland avenue; Eloy Perez, 28 North Hermosa avenue; and C. W. Ballard, 305 Sturtevant drive.

ELECTRIC COOKING MEANS A COOL KITCHEN

An electric range is actually cool to the touch while the oven heat is on. That is because the oven is sealed completely and heavily insulated on all sides. Surface units, too, apply their heat directly to the bottom of the utensil; none escapes around the sides. Say goodbye to the discomfort and fatigue of working in a hot kitchen this summer. Ask your dealer now about low prices and terms.

★ THE NEW WESTINGHOUSE. One-piece Corox surface units with four cooking speeds... Super-capacity oven... Deep well cooker, electric timer-clock, three utility drawers, minute-minder and many other features make this one of the greatest values Westinghouse has ever offered.

Legion Sponsors Americanization Day At Wrigley Field

Highlight of a sizzling series of games between San Diego and Los Angeles, two of the keenest rivals in the Pacific Coast baseball league, will be the Americanization Day program at Wrigley Field Sunday afternoon. Sponsored by the Los Angeles County Council of the American Legion a patriotic spectacle will be presented after the first game of the double header.

Famous bands and drum and bugle corps will take part in the elaborate ceremony. Thousands of youngsters from various foreign and underprivileged groups will be present as guests of the two ball clubs. The American Legion is sponsoring the Americanism program to instill patriotism among the youngsters.

OBITUARY

LAURA E. HAWTHORNE

Many friends of Miss Laura E. Hawthorne gathered at Grant Chapel Monday morning to attend last rites for a woman whose unselfishness and generosity knew no bounds. Though she had made her home in Sierra Madre for only nine years, coming here from the East to reside permanently in 1930, her willingness to help others, oftentimes sacrificing herself, was well known. Miss Hawthorne was born in 1859 in Solon, Maine, and had visited in Sierra Madre a number of times prior to establishing permanent residence at 52 West Sierra Madre Blvd., where she died Friday.

Her work as traveling saleswoman for a Plymouth Rock, Mass., concern, took her all over the country in the 25 years she

was connected with the company. She came from a fine Eastern family and was a descendant of the Nathaniel Hawthorne branch. She was a member of the Congregational Church and the Sierra Madre Woman's Club.

Rev. Pritchard officiated at the services and paid tribute to the deceased who had been a member of his church for several years. Pallbearers were Waverly Pratt, F. H. Hartman, R. L. Lord, C. W. Kinnear, W. S. Hull and E. G. Everett. Interment was at San Gabriel cemetery.

Surviving are one brother in the East and numerous nieces and nephews including many well known people living in all parts of the United States.

SAMUEL TOLCHINSKY

Samuel Tolchinsky, builder of fine homes in Altadena and Los Angeles, passed away Sunday at a Glendale sanitarium following an illness of about six months. He was the father-in-law of David Pian, owner of Pian's Millinery and Dress Shop in Pasadena. He had made his home with the Pians at 481 West Sierra Madre Blvd., for the past four years.

Born in Russia, 66 years ago, Mr. Tolchinsky had lived in California for 13 years and during this time was active in the building industry. He was well known in the real estate world having followed that line of work since young manhood. Before coming to California Mr. Tolchinsky had made his home in the Middle West, living for 25 years in Des Moines, where he made a splendid building record. He was not at any time connected with a firm of builders, always working as an individual from his home.

The funeral was held Monday from Groman's Mortuary in Los Angeles and burial was in a Los Angeles cemetery.

Mr. Tolchinsky is survived by three daughters, including Mrs. Pian; four sons and several grandchildren living in Sierra Madre, Los Angeles and Alhambra.

Timely Tips

Variety may be the spice of life; but zesty, peppery, flavorsome pickles surely are the spice of menus. And now is the time to capture their deliciousness for the sweet and sour notes in the symphony of good eating throughout the year. Always select fresh, sound and not overripe fruits and vegetables, as nearly uniform in size as possible if they are to be canned whole. The complexion of the pickles will depend upon the vinegar and spices. An enameled, agate, or aluminum preserving kettle should be the prized possession of every pickle maker, as spices and vinegar are likely to react on other metals. It is best to have an enameled colander for straining and a wooden spoon for stirring. For perfect, crisp pickles, recipes should be followed exactly, for any departure may mean soggy or shriveled pickles. Pickles are always better after being allowed to age for four weeks.

SWEET CUCUMBER PICKLES
300 small cucumbers
¾ cupful coarse salt
Hot water
2 quarts vinegar
¾ cupful dry mustard
¾ cupful salt
¾ cupful sugar
½ cupful pickling spices
6 cupfuls or 3 pounds sugar
Wash and dry cucumbers; pack in crock or jar; sprinkle with salt; add enough hot water to cover. Let stand until cold; then drain. Thoroughly mix vinegar, mustard, ¾ cupful salt, ¾ cupful sugar and spices; pour over the pickles which have been weighted down in crock. Keep in a cool place and each morning add one handful of the three pounds of sugar until it is gone, stirring through the mixture well. (Weigh out the full amount of sugar

called for in the recipe into a sack, and add a handful each morning as sugar added too rapidly draws juice out of cucumbers and causes them to shrivel.) Unless you have a constantly cool place for storage, pack into sterilized jars, cover with the syrup, and seal.

BREAD-AND-BUTTER PICKLES

Slice 25 cucumbers of medium size and 12 onions. Soak in ice water with a large handful of dairy salt for 3 hours. Boil or just scald 1 quart of vinegar, 2 cupfuls of white sugar, 2 teaspoonfuls of mustard seed, 2 teaspoonfuls of turmeric, 2 teaspoonfuls celery seed, add the drained cucumbers and onions and just heat through. Put into sterilized jars and seal. (1 teaspoonful cassia buds may be added, if desired.)

VACATIONIST WILL VISIT BOTH FAIRS

Mrs. Adria Johnson, 506 West Grand View avenue left Tuesday evening for a three months vacation, during which she will enjoy an extended visit with Miss Hazel Blaisdell at Forest Hill, visit the Fair at New York and renew old friendships in the New England states where business matters will engage her attention. On the return trip she will stop in San Francisco to see the Golden Gate Exposition.

YOUR HOME AND MINE

BY ANNE WILSON

No one knows why Lobster Wiggle was given its name, but anyone who has eaten it is absolutely sure about its goodness. This creamed fish delicacy may suggest much fussing with a double boiler, but if you have an electric range, this extra work is not required. You cook the mixture in an ordinary pan directly on low heat. With electricity's controlled temperature, there is little danger of lumping or sticking.

Lobster Wiggle

Melt 2 tablespoons butter in a pan placed on the surface unit of an electric range, with heat turned to low. Add 2 tablespoons flour and blend well. Add 1 cup coffee cream or top milk, ½ teaspoon salt, 1 teaspoon lemon juice and 1 teaspoon chopped parsley. Cook until creamy, stirring constantly. Add 1 cup sliced lobster and 1 cup peas. Serve in pattie shells or on fresh hot toast. Shrimp or crab may be substituted for the lobster, if desired.

That old favorite, Welsh Rarebit, may be prepared in this simple electric way.

Welsh Rarebit

Melt 2 tablespoons butter in a skillet on low heat. Stir in 2 tablespoons flour. Add ½ pound grated cheese, 2 eggs, 1 cup top milk, and salt, mustard or cayenne as desired. Cook until thick, stirring occasionally. Serve immediately on toast.

Case and
Comment

By Charles B. Showalter

(Editor's Note: The opinions expressed herein are those of Mr. Showalter and do not necessarily reflect the attitude or opinions of THE NEWS.)

EVERYBODY who tries to speak or write about Sierra Madre just drifts off into rhapsodies and fails to convey their full meaning because of the natural limitations of speech. Words just won't tell it—it has to be seen.

It has been my good fortune to visit every state and section in these United States, and this is the most beautiful and delightful spot I have ever found. And add to that, the most attractively home-like.

But the beauties of Sierra Madre are not all scenic. The major appeal is in the fine good neighborliness of her citizens and their spirit of cooperation and mutual helpfulness. Every one is a good neighbor and at the same time a public-spirited citizen.

There are many and various groups in the city devoting their time and energies to different types of service for the public welfare. And there are, perhaps, none that deserve more universal support just at this time than the Citizens Conservation Committee.

Some of us probably didn't know we had such a committee, but we have, and its work and purpose is the conservation of our valuable forests, particularly with reference to fire prevention. Its work is supplemental to and in cooperation with the United States Forest Service.

This being the rainless season, it seems quite timely to remind ourselves of the ever present fire hazard. It is so very easy to start a disastrous fire and so very difficult to stop it. And then the burned-over slopes add manifold to the danger from floods and to the cost and difficulty of flood control. At this season, when the forests are full of campers and vacationists, there is great danger that careless and ignorant people may not properly guard their fires.

A fire in the Sierra Madre foothills now would not only do enormous material damage, but would also destroy so much natural beauty. Think of the yuccas!

So thinking of them we quote from the rules of the forest rangers:

BEAR IN MIND

Forests help people to live more comfortably. Uncle Sam's forest rangers are trying to protect the forests so that they may continue to make life easier for all of us. YOU can help. Here's how—

A. SMOKING — Smoke only while stopping in a safe place, clear of all inflammable material; never while traveling in the woods.

B. MATCHES — Be sure your match is out. Break it in two before you throw it away. C. TOBACCO — Be sure pipe ashes and cigar and cigarette stubs are dead before throwing them away. Never throw them into brush, leaves, or needles.

D. MAKING CAMP — Before building a fire scrape away all inflammable material from a spot 5 feet in diameter. Dig a hole in the center and in it build your camp fire. Keep your fire small. Never build it against trees or near brush.

E. BREAKING CAMP — Never break camp until your fire is out—dead out.

F. HOW TO PUT OUT A CAMP FIRE — Stir the coals while soaking them with water. Turn small sticks and drench both sides. Wet the ground around the fire. Be sure the last spark is dead.

G. BRUSH BURNING — Never burn slash or brush in windy weather while there is the slightest danger that the fire will get away.

H. EXTINGUISH any small fires you can. Report all fires to the nearest forest ranger or fire warden. Get on the nearest telephone.

BEAR IN MIND the forest rangers rules and practice them. This will make you as a good woodsman. It will help Uncle Sam keep the forests green.

Healthy Mind
Will Preserve
Facial Beauty

By PATRICIA LINDSAY

© Bell Syndicate.—WNU Service.

A HEALTHY, clear thinking, energetic mind is not only the nucleus of a radiant happy life!

Had I space to quote famous authorities I could convince you that destructive thoughts, or an undisciplined mind, can rob a woman of her health and destroy her happiness.

As you think, your face and eyes express your thoughts. Catch a glimpse of yourself in a mirror as you converse with a friend. Notice how your eyes sparkle and your lips turn upward when you speak gaily. See how quickly a frown appears and your eyes dim when you talk of sorrow or feel sad. Your lips narrow and your eyes partly close when you give vent to anger or gossip maliciously. Would you have believed it?

Do you know that every unworthy thought registers on your face? Haven't you seen women whose countenances reveal their habitual thoughts of malice, selfishness, jealousy? Of course you have. Over indulgence of miserable traits have robbed them of their beauty and happiness.

Don't Be
A Neurotic

Sick minds, registered on faces, ward off all human sympathy and love.

So don't be a neurotic. Keep your mind active, free, and in order. It is the receiving and sending instrument of your entire body. Let it receive wholesome, pleasant messages. Let it send wholesome, pleasant messages.

Your face reflects your thoughts

ant dictations. You know the old adage that "Beauty comes from within"—well it does, from within your mind!

If you have been in the habit of brooding, of becoming easily hurt at people's thoughtless words or actions, strive to overcome those tendencies. Ignore hurts and discouragements. Realize that brooding—or worrying—is an insidious form of illness which can destroy a lot you hold dear.

Don't be a woman consumed with self-pity. Don't be a girl consumed with self-pity. Every person has a tough time in life. Every person has problems and hurdles to leap. No life is without sorrow nor is any life without joy! Take life as it comes. Keep yourself healthy and let your mind create beauty!

HINT-OF-THE-DAY

The intelligent way to go about changing the style of your hairdress is to sit before your mirror after you have given your hair a thorough brushing away from the scalp. Comb your hair back from the face. Determine which hair-do will accent your good features and soften your less glamorous ones.

If you can afford it, go to an expert stylist and let him take you in hand. Otherwise go to a good barber and get a hair cut once you have decided on the exciting new style. Try to suit your type, your mood, your clothes. Try all sorts of parts until you find one that does a lot for you.

Psychological Savages

The natives of Dahomey, a French West African colony, seldom seek divorce; they have a custom that, usually, makes it unnecessary. Tribal tradition centuries old—established by some ancient chief rich in human understanding—decrees that when a man and his wife quarrel, both must go to opposite corners of the room and, facing the wall, meditate in silence, for a fixed period. This over, the man speaks first, but all he is permitted to say is "I'm an idiot." This he shouts 100 times. When he has finished the wife does likewise. Then both turn, advance to the center of the room and together cry "We are idiots." This ends the ritual. Both are now free to do whatever they please. In innumerable instances they do just what the old chief expected—burst out laughing and forget their quarrel.

DON'T LET IT SPREAD!

Though the days of July have yet to equal the Ides of March in a reputation for villainy, they have been filled—in this twentieth century at least—with more than twenty-five years ago this month, the world shook with the repercussions of the shots of Sarajevo. Five years later the first cracks appeared in the freshly plastered facade of the Versailles treaty. Nine years ago this July, the Russian bear amazed the world by cutting off his paws in a victory purge of unwanted members. In July, 1932, war flared in the Chaco of South America. On July 25, 1934, Chancellor Dollfus of Austria was bled to death by the Nazis. The shot that killed Jose Sotelo in Madrid on July 13, 1936, re-echoed through three years of Spanish civil war. And now it is July, 1939! The place of this month in history lies primarily in the hands of one man. As the new German Caesar ponders the Ides of July, let him not forget that 2000 and 39 years ago this week a Roman Caesar was born, a Caesar whose dreams of world domination fell with a crash so resounding as to make the Ides of March synonymous with disaster for 2000 years.

All the routes traveled by George Washington in an entire life-time recently were covered by an airplane in a single day.

Certainly it was no ardent movie-goer who told the Illinois Assembly recently what he proposed to do to that state's theatre managers and theatre owners. Under this measure, whose author is Rep. W. F. Gibbs, theatre owners would be fined \$1,000, and managers would be imprisoned, if they ran motion pictures in which actors or actresses appeared who had been divorced more than once. If passed, it sounds like the death-knell of motion pictures in Illinois. What this representative should do is to declare motion pictures illegal altogether. That would save enforcement officers a lot of bookkeeping.

Since 1870, fifteen new industries have sprung up giving direct and indirect new employment to approximately 15,000,000 persons.

A German factory worker must work five times as long as an American to buy an automobile, and an Italian ten times as long.

High in their native hills along the Bay of Biscay, the famed Austrian "dinamiteros" are once again tossing their powder-sticks into the troubled waters of Spanish politics. Officially, they have been defeated. Actually, like every band of liberty lovers from Valley Forge to Chungking, they are fighting on in a determination to rid their native hills of tyranny and oppression. Amid the brawling power politics of Europe the blast of Austrian dynamite is an echo of liberty, an echo that even the roars of Fascist rabble-rousers cannot completely drown out.

More than 1,500 patented inventions are incorporated in the modern automobile.

In case you've been wondering about the propriety of that topless bathing-suit for father, don't let it worry you. The Institute of Public Opinion has characteristically come to the rescue with a survey of what America thinks about those masculine "seanties," and America approves. By a vote of two to one, Mr. and Mrs. America went on record as favoring a bare chest—on the beach at least—for father. In the question of shorts for street wear, however, the ladies came out second best. Asked to vote for or against bare female legs on the street, 63 percent of America, feminine as well as masculine, shouted a loud and lusty, "No!" So it's back to modesty for the ladies, with "pop" coming into his own as the "daring" member of the family.

Postage stamps were not used in the United States until 1847. Prior to that time, postage on mail was paid in cash by either the sender or receiver.

TAXES JUMP 31 PER CENT AS
STATE'S REVENUES DROP
21 PER CENT, SAYS KNIGHT

Among the 200 guests attending the homecoming dinner tendered Assemblyman T. Fenton Knight at the Altadena Golf Club last Thursday evening was a delegation of about 18 Sierra Madreans, including Tom Miller, Tom Schwartz, Paul Carter and John Froehlich of the city council, Waverly Pratt and City Treasurer Carl Pegler.

Mr. Knight stated that while he was a member of the so-called economy block that opposed the spending policy of Governor Olson at Sacramento, he respects the governor, something all citizens owe Olson, no matter what their political faith.

Stressing the huge budget program, Mr. Knight said: "The governor's program included a budget of \$557,000,000—\$1,000,000 more than any previous budget presented to a California legislature. After 30 hours of deliberation by the ways and means committee it was passed to the floor of the assembly with a 'do pass' recommendation. The sum of \$73,000,000 for relief was re-

moved from the proposed budget to be considered later.

"It was found on investigation that over a period of nine years, governmental expenditures including city, county and state taxes had increased 31 per cent, while produced income during the same period had decreased 21 per cent. The governor's proposal of \$73,000,000 for unemployment was reduced to \$35,525,000 based on \$4,500,000 per month, with the understanding the legislature would convene in special session to work out a plan for unemployment if possible.

"Compulsory health insurance was considered on its merits as a social problem and not a political one and did not get the support on the floor of the assembly that its backers had said it would have. It was defeated."

A letter from Congressman Carl Hinshaw, congratulating Mr. Knight on his record in the legislature and a congratulatory telegram from Roger Jessup, supervisor of Los Angeles County, were read.

LAUDS V.F.W. PROPOSAL BEFORE
CONGRESS TO KEEP AMERICA
OUT OF FOREIGN WARS

Described by the speaker as "one of the most important bills ever introduced in Congress," (Senate 1885), a proposed war profits taxation measure being sponsored by the Veterans of Foreign Wars of the United States, was explained at a VFW meeting at the park house Monday evening by Commander E. G. Everett.

S. 1885, Everett said, would pave the way to peace for America by de-profitizing war. Under its provisions the man who worked in a munitions factory or a shipyard, in time of war, would receive no more in pro-

portion for his day's wages than the man who carried a gun. Every individual not in uniform, and every corporation, would be made to contribute their war-time profits to the government toward financing the costs of war while it was in progress.

"This bill would, in effect, enable Uncle Sam to draft profits to finance a 'pay-as-we-fight' program," Commander Everett stated. "By this means, our Nation would avoid the aftermath of increased public debts which previous wars have saddled on future generations. Economic depressions, which have always followed in the wake of wars, would be averted. S. 1885 is a practical peace measure because the lure of profits is universally accepted as a basic cause of war."

Everett declared that the measure "would do more to keep America out of war in the future than any other idea that has yet been conceived." S. 1885 was introduced in the present session of the Congress as the joint proposal of 50 senators, representing Republicans, Democrats, Farmer-Laborites and Progressives.

RESERVOIR NO PLACE
TO COOL OFF

Four boys from Sierra Madre and Monrovia of late "teen" age decided to cool off Friday afternoon at the Passionist Fathers' monastery reservoir. Their swimming was interrupted by Father Alan who gave them a good lecture and released them with the understanding they would not return.

Many Popular New Books Are Added To Library's Lending List: Readers Lean To Fiction

Judge Pecoras' "Wall Street Under Oath," "Beard's" "America in Mid-Passage," and Gunther's "Inside Asia" are in the latest consignment of much discussed new books received at the public library and now available to the public. A list of the arrivals follows:

Fiction—"Next to Valor," Jennings; "World in Spell," Stevenson; "Sword in the Stone," White; "Nebraska Coast," Davis; "William's Room," Roseman; "Woman in the Hall," Stern; "With Malice Toward All," Tressler; "Uncle

Cables Niere," Larrimore; "Gable's Hundred," Dowdy; "Wings of the Morning," Hyams; "Best Short Stories of 1939," O'Brien.

Non-fiction—"Wonder Plants and Plant Wonders," Verrill; "Behind the Label," Dana; "America in Mid-Passage," Beard; "Modern Primitive Arts," Oglesby; "Pent House of the Gods," Bernard; "Lure of Alaska," Frank; "Inside Asia," Gunther; "Red Star Over China," Snow; "Third Morality," Heard; "Irish Holiday," Hartley; "Water Gardens and Gold Fish," Pecora; "Feet of Dawn," by Parcell and "Collected Poems" by Coffin (poetry); "White Seed" by Carrol and "Family Portrait" by Coffee, (drama).

During June the library issued 4533 books, an increase of 122 over June 1938, Sierra Madreans are going in for fiction in a big way. Fifty-six percent of all books borrowed were fiction, only 24 per cent non-fiction and 19 per cent juveniles.

Hinshaw Points Out The Importance Of Puerto Rico

The island of Puerto Rico, now coming into prominence because of War Department and Navy plans to convert it into a powerful airbase defending the Panama Canal, is also a valuable market for many California products, Congressman Carl Hinshaw, of this district, pointed out in Washington Monday.

One of the most densely populated areas under the American flag, unable because of climatic and soil condition to produce many articles of their daily diet, Puerto Ricans have for some years purchased close to 8 per cent of all edible vegetables and vegetable products sold from the continental United States, he reported, and an important part of such shipments to Puerto Rico have consisted of canned fruits, vegetables, dried or evaporated fruits, and other products largely grown in California.

Strongly interested in any aspect of national defense, Hinshaw viewed the present plans to fortify Puerto Rico as not only contributing to protection of American interests in this hemisphere, but through the necessary expenditures involved, perhaps assisting to offset declining income for the island's people which has reacted unfavorably on purchase of States' produce recently.

BABY CHRISTENED ON 4TH HAS PARTY

A party celebrating the christening of their baby son, Everett Herbert, was given by Mr. and Mrs. Everett Hinojos, assisted by the paternal grandmother of the baby, Mrs. H. A. Hinojos, at their home 249 Grove street, Saturday. Everett Herbert wearing a satin christening robe, made by Mrs. Hinojos, Sr., and trimmed with hand made lace brought from Valencia, Spain, was baptized at St. Rita's Shrine July 4th, by Father Augustine Scannal. Godparents were his grandmother, Mrs. H. A. Hinojos, and his uncle Joseph Hinojos.

Among those attending the Spanish dinner prepared by Mrs. Hinojos, Sr., which celebrated the occasion, were Mr. and Mrs. I. F. Petterson, maternal grandparents, Mr. and Mrs. Kelsey Petterson and two children.

CONTRACT FOR WILSON CLASSROOMS AWARDED

Contract for construction of a classroom addition at Woodrow Wilson junior high school was awarded the firm of Bakker & Robinson of San Bernardino for its low bid of \$102,050 at a special board of education meeting Wednesday following receipt of a telegram Tuesday evening from the regional director of the PWA disapproving the board's recommendation of June 20 that the contract be awarded to E. F. Wopschall. A time extension for completion of the job from December 2 to March 2, 1940, made reversal of the award necessary.

YOUNG THIEVES MAKE A RETURN VISIT

A thief with a penchant for cigarette coupons broke into the B. J. Willetts home at 626 Holly Trail Saturday and made away with 50 tickets and a pack of cigarettes. Entrance to the house had been made through a bathroom window. Mr. Willetts thought the damage had been done by the same group of boys who broke in his home on a previous occasion.

Mr. and Mrs. A. J. Severns, San Gabriel Court, and Mr. and Mrs. A. J. Barkman, 40 South Michillinda Blvd., spent Thursday, July 6, at Aliso Camp, Laguna Beach.

What A Girl Sees Ramblin' Round

LONG promised and awaited drinking fountain was installed Monday morning next to the baby pepper tree in front of THE NEWS office in Kersting Court. All morning men from the city street department dug and poked pipes around... then within a very short time the fountain which had been dejectedly laid aside was connected, the handle turned, and out came a stream of pure cool Sierra Madre water. A group of children who had gathered with adults to watch the proceedings... were among the first to imbibe... stretching their necks, twisting their mouths and emerging with a stream of water trickling off their chins... The grownups drank with more finesse... Councilman Schwartz claims the fountain is "squirt-proof." Maybe so... but that sounds like a sweeping statement with a horde of youngsters congregated around... If someone would plant grass and flowers in the plot around the baby pepper tree the original plan would be carried out... We think pansies would be nice, and in spite of what we have heard about children being destructive we don't think they would trample on the grass or tear out the flowers... or would they?

N. F. Graham, Pacific Electric agent, who keeps us informed on the goings and comings of Sierra Madreans and has a toy pig in his office as large as his pet dog... flourished two tickets in front of us last week... in fact, he let us hold them and read the 13 divisions, cities where the travelers were stopping... The tickets nearly touched the floor and since it has always been our ambition to purchase a ticket of great length we were on the way to turning bottle green... Two ladies, not Sierra Madreans, are making the trip through the middle west and southwest... One of them is almost 80 years old and because she had an unfortunate experience in a Pullman many years ago... thought she was being robbed... she flatly refused to

spend the night cooped up in green curtains... and insisted it was either staying up all night or staying at home... Her determination must have somehow inspired her companion because their tickets did not call for Pullman accommodations... We are wondering how the couple will feel when they hit the heat waves in the middle west... Four quarters of 400 beavers will be bartered for the 50,000 guests expected at the sheriff's picnic at Santa Anita Race track the last Sunday in July... We attended our first sheriff's picnic last year and can still remember the sea of faces, crying children, fat women and spilled beans...

Sam, who keeps shoes in Sierra Madre bright and shining, has a noble ambition... one that had its beginning back in Virginia when he and his brother worked in the tobacco fields... He wants an o'possum ranch... some place where there is plenty of room for him to raise and feed the animals the American Indian called "apasmum", or "white beast"... Sam has a good beginning... with nine baby possums. He keeps them in separate containers... six in one and three in another... on account of the difference in their ages... They are all pets... and Sam feeds them from his hand... They eat fruits and meat mostly... fruit one day and meat the next... Sierra Madreans who are not so friendly with the animals... catch them, pack them up and give them to Sam... who takes care of them until they are just the right age... then they go into the pot... These grayish animals have peculiar habits... besides playing dead... which gets them out of many tight holes... the young must be separated from their mother... or at certain age... about three months... they gang up on her and proceed to take bites... resulting sometimes in death... Sam says he knows this is a fact because he saw it happen down South... He handles mother possums gently now... after an experience he had... with one of the first in his collection... He lifted the animal up by the tail... and discovered

"MASQUE OF KINGS" NEXT AT PLAYHOUSE

"We are all ghosts, we three, walking the halls of Europe in a dream that's ended, a long masquerade of kings."

And as Crown Prince Rudolph speaks in shattered glory there is revelation of the famed Mayerling tragedy in Maxwell Anderson's noted "Masque of Kings," coming July 17 to 22, as the fourth in the Pasadena Community Playhouse Midsummer Drama Festival series.

he was holding not one, but one adult and more babies than he could count... The animals carry their young in an abdominal pouch like the kangaroo... The tiny ones were about the size of a man's little finger and filled the pouch to overflowing... some of them hanging to the edge by their tails... Mature possums have bad manners... thinking nothing of nipping the hand that is feeding them... but in spite of it all Sam is looking for more possums.

Pheasants Raised At Udell CCC Camp To Be Liberated

California State Fish and Game Commission will receive 300 young pheasants raised in the Art Udell Bird Sanctuary at the Angeles Crest CCC Camp in Oak Grove Park. They will be kept in pens at the state game farm in Chino for a while and then will be turned loose in areas where the commission is attempting to restore wild game.

Fifteen boys at the camp helped raise the baby pheasants and at the same time received training in game warden work. They will now take civic service examinations for this work. Forty-two hens and 420 eggs were used to raise the young birds. Mr. Udell, Forest Service superintendent at the camp, for whom the sanctuary has been named, helped direct the project.

Why Men Motorists Get More Mileage Than The Women

Kiwanians were informed of the classifications of crude oil and effect and performance of each fuel in the respective locations by Larry Grunder, Los Angeles oil company representative, at its meeting Tuesday. Mr. Grunder stated that gasoline does not give the same mileage in all parts of the state, and added that men drivers get more mileage than women, because their flat heels prevent muscular strain when driving.

Stressing present day cooperation with car manufacturers, he said that a gasoline has already been perfected that meets the requirements of the 1940-41 automobile. Community fund leaders reported 105 subscriptions, totaling \$383.75 still considerably below the quota for this year.

TRUTH about ADVERTISING

By CHARLES B. ROTH

JUST WHAT IS GOOD WILL?

A FEW months ago, according to that beguiling writer, Bruce Barton, a large factory caught fire. It burned to the ground. Sirens shrieked. Crowds milled. Firemen fought the flames. Newspaper reporters scurried here and there after stories. Consternation reigned.

Amid all this confusion the most serene man in sight was the president of the factory, he who should have been the most excited. Alighting from his car, he strolled over to where that which he had spent years in building was becoming a total loss. He was calm, at ease, undisturbed.

A newspaper man spied him, asked him why he was so more concerned. He explained that the loss was fully covered by insurance and that, besides, the most valuable asset of the business hadn't even been touched by the fire.

"To what asset do you refer, Mr. Burlingame?" "Why, to our good will. We can build a new factory—now we'll have to. We can buy new machinery—better machinery than was in the old plant. As long as the good will of a business is intact, nothing else matters," he concluded.

He was right. The most impor-

tant thing a business man has is the good will of his customers. Every business which has that is successful; every business which does not have it fails.

Good will is not a mysterious quality like genius. It is a simple, commonsense matter depending upon doing simple, commonsense things.

The first of these consists of giving good value and service, that the business may win and hold friends. The second consists of making the fact that the business is the kind which wins and holds friends known to its customers, by telling them of its ideals and its services and its merchandise.

This telling process is called advertising. Whenever a manufacturer or a merchant advertises in the newspaper he informs you that he is the kind of business man whom it would pay you to patronize. He makes public the fact that he wants good will and that he realizes the only way he can keep it is by living up to his promises.

You as a customer get more for your money when you patronize a concern with good will. Good will is proof that the concern has done something to warrant the friendship and confidence of its customers. You see, good will doesn't just happen. It is created—by good goods, by good service, by good advertising.

Cubs Defeat Reds; Giants Trim Yanks

Two Boys League Twirlers Pitch Three Hit Games At School Field

The Reds and Kid Cubs of the Kiwanis Boys baseball league staged a rattling good ball game at the school athletic field Monday night, the Cubs marching off with a 7-5 victory, keeping them tied for the fast traveling. Giants. The Reds were held hitless until the last inning when they connected three times and scored three runs. One of the hits was a homer by Limbaugh, Red catcher, scoring two runs ahead of him. The box score:

Local Congressmen See Early Action For Flood Control

Encouraging replies from Congressmen Carl Hinshaw and Jerry Voorhis have been received by George L. Kelley of Pasadena, in response to communications sent last month requesting flood control appropriations and passage of H. R. 5656, a bill which provides increased funds for watershed protection in the Angeles, San Bernardino and Cleveland national forests and adjacent areas. An immediate allocation from the \$4,000,000 appropriation by Congress at its last session for the Department of Agriculture for upstream control was also sought.

Mr. Voorhis' letter stated information had been received from the Department of Agriculture that it is about ready to

MONEY RECEIVED FROM WATER DISTRICT USED IN THE CITY'S GENERAL FUND

Explaining the disposition made of over \$17,000 paid the city by the Metropolitan Water District for the privilege of running its conduit across the city in Grand View avenue, a statement was issued at the city hall yesterday.

There has been a mistaken idea on the part of many persons that the money was obtained from the water district in 1935 on an agreement that it would be used for the repaving of Grand View avenue. There was no such official agreement and the money went into the city's general fund for the purpose of carrying on the general business of the municipality. The city hall statement shows that at the time the money was received there was an overdraft in the general fund and

the money was required for current expenses. The statement follows:

"The City's books show that on September 4, 1935, \$17,853.75 received from the Metropolitan Water District was deposited in the bank to the credit of the General Fund of the City.

"On September 1, 1935, the General Fund showed an overdraft of \$26,020.20 and the Water Department a balance of \$22,210.43.

"All expenditures from the City's accounts require public Council authorization. The books are audited annually at least, by a C.P.A. and may be examined at any time by any one sufficiently interested as they are public records."

Crack Poloists From Texas To Play At Riviera Sunday

El Ranchito malletmen, star Texan polo aggregation, will gallop against the strongest lineup that Riviera is able to marshal together in the second round of the Mrs. William Tevis, Jr., tournament which will be played Sunday afternoon at Riviera Country Club.

Buster Wharton and his Texas crew took a 7-6 trimming from Willie Tevis' San Francisco poloists Sunday, but it was not without a fight that lasted every minute of the game. Polo fans had not seen such sparking field work in many years.

Jumping events and a polo match between Hollywood and Beverly Hills, will be run off, in addition to the Tevis tourney game. The program starts at 2 o'clock.

Billy Gilbert (above) leads 100 famous drum majorettes. Jean Hersholt, grand marshal of Parade of Stars, and Harold Lloyd, general chairman, report all proceeds of this major event for charity.

Protests Crossing Guard Reduction

Sierra Madre this week joined the protest of Los Angeles county municipalities against a reduction in the county budget called for by the county lopping all further funds for the paying of crossing guards. The city council agreed to supervise the selection of and keeping of time of crossing guards but is hopeful that its protest along with that of other cities will be effective and that it will not be necessary to engage another city employee.

GARDEN CLUB ADDS SIX TO ITS ROSTER

Sierra Madre Garden Club has six new members. Commander and Mrs. C. E. Rappee, Miss Margaret Bode, Mrs. George Poulter, Mrs. Marion Hays and Mrs. J. Barkman were added to the club membership at the July meeting held Monday evening at the home of Jacques Hahn. Following a picnic supper in the patio Mr. Hahn discussed care of gardenias and gave helpful hints on flowers to plant now.

Next meeting of the club will be held at Wistaria Vine Gardens, Monday evening, August 14.

Mr. and Mrs. H. H. Haselton of Elgin, Ill., are making their home at 469 West Montecito avenue while deciding upon a permanent location for their home in the southland.

U S Urged To Help Curb Japanese

Dr. Gossard Says War With Oriental Aggressor Never More Remote

Dr. J. Earl Gossard's answer to the question, "Should America join with Great Britain and France in opposing Japanese aggression against the Western Powers in China?" was an emphatic "Yes," when he took the affirmative point of view on a radio discussion Monday.

Giving as his chief reason the fact that Japan has broken so many treaties that she (meaning the militarists who speak for the people) is no longer to be trusted. Dr. Gossard, long a resident of China, explained that the surest way to work for international peace and to deliver the Japanese from their aggressive military masters is to defeat these war lords of the Orient.

"It is no answer to say that our joining Great Britain and France in opposing Japanese aggression in Asia would embroil us in war," he said. "Such a statement is simply nonsense, for Japan is in no position either economically or in naval preparation to meet our superior sea forces. Indeed, there is no sense in supposing that Japan could get very far fighting on all the fronts of the world. She has already bitten off more than she can chew, in China, and has only lately taken on a new adversary on the Outer Mongolian borders.

"Actually, we are farther away from war with Japan today than we have ever been. Japan's military dictators, who are but the servants of Japan's industrial and financial overlords, are now in a desperate plight. They have been trying to subjugate the Chinese people. Like the hunter who went up a tree, the Japanese have a wild cat by the tail; and what they are looking for is not someone to help them catch the wild cat but someone to help them let go.

"To say that if we throw our moral and economic and financial support as a nation into the scales of justice and humanity we would be upsetting our economic equilibrium is like saying that a law-abiding citizen should do nothing to restrain a maniac in our public streets who was shooting women and children. It is the duty of the individual to do what he can do to maintain law and order in his own community; and it is not less his duty as a citizen of the world to do all he can to preserve the peace of the community of nations. A bandit is not less a bandit because he happens to have subjugated his own people by means of a dictatorship before setting out upon a mad design to conquer the world.

"Any man who aids bandits may himself be charged with complicity in the bandit's crimes. If a man provides arms and munitions to aid ordinary bandits, he may be held either as an accessory before or after the fact—or both. It would be no defense for him to say that he needed the money and that his dealings with the bandits were financially profitable to him. With such a defense he wouldn't get to first base with a jury anywhere in America—or anywhere in the civilized world, for that matter.

"How, then, can a relatively few big business corporations maintain a boycott or a neutrality law which would prohibit anyone's dealing with international bandits who at the moment happen to be in authority over a nation, would destroy 'friendly relations' with an aggressor, because such a boycott or neutrality law might, in effect, be construed by the aggressor as an 'act of war'?"

DUARTE PLUNGE FINDS MANY PATRONS HERE

The Santa Margarita Plunge, 1718 East Huntington Drive, a popular San Gabriel Valley spot recently opened for the summer months is attracting many Sierra Madreans. The pool and grounds have been completely renovated.

Conveniences Urged At Canyon Pool

Council Asked To Make City's Recreation Area Attractive To Visitors

In his application for a renewal of a contract for operation of the Sierra Madre Canyon swimming pool James C. Heasley who has held the concession for several years, recommended that to make Sierra Madre Canyon more popular with out-of-town visitors, seats for onlookers be erected around the pool, that a drinking fountain be set up and a safety fence be built around the pool and the channel south of it. There are no conveniences now for spectators and visitors and Heasley believes many more visitors would be attracted if his suggestions are followed.

Because of greatly increased liability insurance rates Heasley advised the council he would be unable to pay as large a price for the concession as heretofore, and though there has never been a serious accident nor a claim for damages at the pool the insurance rate was jumped almost \$70 for the current year.

In line with Heasley's suggestion to make the pool more attractive and popular Police Chief McMillan was directed to inquire into the feasibility of erecting a sign at Sturtevant Road and Mountain Trail avenue directing strangers to Sierra Madre Canyon and the pool.

On the suggestion of residents of Alta Vista Drive that guard rails be placed along Alta Vista and at the dangerous points along Sturtevant Road, the street department was directed to furnish an estimate of the cost of erecting the guards.

EIGHT BOYS ENJOYING JENKS LAKE CAMP

Off for a week's vacation among the towering pines and firs at Jenks Lake are eight Sierra Madre youngsters, who left Monday morning for the YMCA camp. They are Walter Biely, Donald Camp, Fred Krinke, Jack Hitchcock, Malcolm Gerschler, Edward and George Price and Tommy Tarwater.

Registrations are being taken at Hartman's Drug Store for the remainder of the season. Next week is primarily for younger boys; weeks of July 21 and 27 are for older boys especially.

HEAGERTY'S VACATION IN MIDDLE WEST

Dr. and Mrs. W. B. Heagerty who left last week for a month's vacation in the middle west are enjoying a stay with Mr. and Mrs. Ralph Williams at Pabor, Iowa, at whose home they will make their headquarters while visiting in the vicinity. Dean Arnold G. Bode is in charge at the Church of the Ascension until Dr. Heagerty's return early in August.

Plans Of Art Guild Announced At Garden Party

Culminating a successful year of activities, the Sierra Madre Arts Guild celebrated its first anniversary Friday night with a garden party at the home of Mr. and Mrs. R. H. McCullagh 154 East Montecito.

Supper tables were arranged beneath blossom covered pergolas for about 60 guests while colored lights added an atmosphere of charm to winding paths throughout the spacious grounds.

Delightful entertainment was furnished by Juan and Juanita Zorrachinos of the John Steven McGroarty Mission. Play. Mrs. Maxwell Sholes outlined plans and aims of the American Theatre Foundation of Hollywood. Highlights of entertainment for the coming year were given by A. J. Dewey, who called attention to exhibits of paintings to be seen at all times at the City Hall; a literary forum being organized by Joan Collier and a street carnival planned for October.

Meetings of the Guild will be discontinued until October.
